A REMINDER!

Your purchase of many Fall Planting Bulbs before July 25th, (an extension of ten days), will mean a saving to you.

In our advance Bulb Catalogue, mailed to you during June, prices were as low as we dared to make them, consistent with the quality of our stock. Higher prices will be necessary this Fall due to a number of reasons. Any possible devaluation of the dollar will also affect prices on most bulbs.

When cash accompanies order we allow 5% discount, but after July 25th this, also, will be withdrawn.

Plan your Spring Flowering Bulb Garden now, forward us your order up to July 25th and take advantage of this saving. The bulbs will be shipped at the proper time this Fall, and early orders will be filled with the cream of the crop. Invoice will be mailed after shipping, unless you wish to take advantage of our SPECIAL CASH OFFER.
